CHIPERFIELD FOR SENATE

PEORIA, Ill., Sept. 18.—Charles E. Hughes will be the central figure at the Republican state convention which meets here tomorrow to nominate three University Trustees and adopt a platform. Mr. Hughes will begin his second speaking trip in the west with his address here tomorrow. He is due to arrive in Peoria from Chicago at 9:30 a. m., address the Republican state convention at 11:30 and leave at 12:30 p. m. on his special train for Springfield accompanied by several hundred party leaders and a majority of the convention delegates.

At Springfield he will deliver an address at a public dinner celebration at the Illinois State Fair in the afternoon and in the evening speak at a mass meeting in the Arsenal.

Congressman B. M. Chiperfield of Canton was defeated at the recent primaries for the Republican nomination for congressman-at-large by William E. Mason of Chicago tonight announced his candidacy for United States senator in 1919.

In formally announcing his candidacy Congressman Chiperfield said in part:

"It is my intention to take my candidacy directly to the people.

"Shortly after the first of the year I will issue the platform upon which I will make my campaign.

"Upon the adjournment of congress March 4th, 1917, I will then be free to give my candidacy my close attention. It is my purpose then at seasonable times to speak in every county in the state of Illinois and to thoroughly canvass the city of Chicago. In my candidacy I do not expect to be the candidate of or be backed by the strength of any faction, nor do I desire it."

Congressman Chiperfield's announcement came as a surprise to the party leaders and caused considerable discussion. He is the first candidate for the seat of Senator James Hamilton Lewis on the Republican side to make a formal announcement altho Medill McCormick of Chicago, Mayor William Hale Thompson of Chicago, William H. Stead of Ottawa and Charles S. Deane of Chicago have been mentioned by their friends as possible candidates.

Republican politicians from all parts of Illinois are arriving by every train for tomorrow's convention.

Among the early arrivals were Senator Lawrence F. Sherman, Mayor William Hale Thompson of Chicago, Chairman Fred E. Sterling of the Republican state committee, Congressman Joseph G. Cannon, Congressman William B. McKinley, Frank O. Lowden, Republican nominee for governor, John G. Oglesby, nominee for lieutenant governor, Lewis L. Emerson, nominee for secretary of state, Len Small, nominee for state treasurer, Andrew Russell, nominee for state auditor, Edward J. Brundage, nominee for attorney general, Medill McCormick and William E. Mason, nominees for congressmen-at-large, Congressman William A. Rodenburg, David E. Shanahan, speaker of the Illinois house of representatives, Harold L. Ickes, and former governor Richard Yates and former governor Joseph Fifer.

Senator E. C. Curtis and members of the sub-committee on resolutions completed a draft of the party platform tonight for presentation to the state convention tomorrow.

The sub-committee granted a hearing in the evening to a delegation representing organized labor composed of John Walker, president and Victor Olander secretary of the Illinois Federation of Labor, Edward N. Nockels, secretary of the Chicago Federation of Labor, James E. Culp of the Brotherhood of Locomotive Engineers, Arthur D. Burbank of the Brotherhood of Railroad Trainmen and Agnes Nestor, Mary Anderson and Elizabeth Maloney of the Illinois Woman's Trade Union. They asked for planks in the platform providing for an 8-hour day for women, compulsory compensation for injured workmen and a law limiting the

PRIVATE BANKER IN CHICAGO SUICIDES

HEAD OF THE TUMA SAVINGS BANK SHOOTS SELF IN HEAD

Four Private Bankers are Indicted—
Runs Continue on Some Private
Banks Known to be Solvent.

Chicago, Sept. 18.—The suicide of Joseph Tuma, head of the Tuma Savings Bank, a private institution and the indictment of four private bankers were the developments today in Chicago's epidemic of private bank failures and a general inquiry into these institutions.

Tuma's bank, the State's Attorney said was to have been investigated. The banker's counsel, however, said the suicide was due to ill health and overwork and that the bank is solvent.

Tuma stood on a pier, fired a shot into his head and toppled into Lake Michigan.

The state's attorney announced that the grand jury today had voted true bills against Michael and Stephen Michniuk on charges of receiving deposits while their private bank was insolvent and against Moses Ginsburg and his son, Emanuel, who conducted another private bank on the same charge.

Runs continued today on some private banks known to be solvent and which had no difficulty in meeting the demands.

BRUNDAGE GAINS 347 VOTES IN LAKE COUNTY OFFICIAL COUNT

CHICAGO, Sept. 18.—A gain of 347 votes for Edward J. Brundage in the official returns from Lake county over the unofficial returns, and a loss of 120 votes for Brundage thru throwing out of the vote for Republican nomination for attorney general in one Cook county precinct tonight gave Brundage a lead of 988 votes over Richard J. Barr of Joliet in the race for that office, with seventeen precincts in the state missing. The official Lake county vote was Barr 733; Brundage 1971, a plurality for Brundage of 1238, where unofficial returns had indicated a plurality of only 881 in that county.

Barr's supporters contended tonight only official canvass of the vote by the state canvassing board will determine the winner.

MAN BRUTALLY ASSAULTED.

Quincy, Sept. 18.—Returning home early this morning from the depot where he had bid his wife and children good-bye as they left for a visit in Kansas City, James Dennison, a clerk in the Burlington freight house here was brutally assaulted at a lonely corner in the north end of the city and is now lying at the point of death at a local hospital with his skull caved in and his face beaten to a jelly.

Quincy, Ill., Sept. 18.—With his left arm torn away by the charge from a double barreled shotgun, which exploded when he attempted to drag the gun out of a boat, muzzle first, Charles Griggs, 19 years old of Meyer, Ill., was rushed in an automobile last night to a hospital in Quincy, where he died as he was being carried to the operating table.

powers of courts to issue strike injunctions.

Indications tonight are that the convention tomorrow will probably renominate the three present university trustees.

The platform which will be submitted to the state convention for adoption tomorrow will criticize the alleged extravagance of the Democratic state administration and declare that it has increased taxation in Illinois fifty percent in the last four years. The increase in taxation is summarized as amounting to \$9,063,141 a year, \$24,830 a day or over \$1,000 an hour.

The other measures indorsed in the platform which is one of the shortest ever presented to a Republican state convention are:

Protection for our homes and economic protection for our markets. Criticisms of Governor Dunne's administration of the civil service law. Criticism of the Democratic state administration for he alleged incompetent handling of the epidemic of the foot and mouth disease.

The adoption of a constitution amendment for the classification of personal property for the purpose of taxation.

A complete revision of the revenue laws.

The consolidation of state boards and departments in the interest of economical administration.

The creation of a state budget system.

A revision of primary and election laws.

The calling of a constitutional convention.

Home rule for Chicago.

State control of private banks.

The extension of full suffrage for women.

Adoption of a law for the compulsory compensation of injured workmen.

Favoring the reduction in the working hours for women.

SEEK DIRECTORS OF BLACKMAIL GANG

Seven of Alleged Syndicate to Have Preliminary Hearing Today

TWO MEMBERS CONFESS

Relations Replete With Stories of Shrewd Blackmail With Mann Act as Chief Weapon

WOMEN SCOUT THE CHARGES

CHICAGO, Sept. 18.—While federal authorities here prepared tonight to arraign for preliminary hearing tomorrow seven members of an alleged blackmail gang who used the Mann act as their chief weapon, detectives with information obtained from two alleged members of the gang who confessed made arrests in other cities and spread a dragnet for H. C. Woodward, sought as director in chief of the syndicate.

Hinton G. Clabaugh of the United States department of justice declared tonight he had secured sufficient evidence to convict the gang without exposing the names of some of their wealthy victims.

The evidence secured in two cases already generally known, authorities said, together with a mass of incriminating evidence found in the raid on the apartments where the seven were arrested, will be presented to the federal commissioner.

Clabaugh revealed today the source of the information that led to the raid. He said "Dick" Barrett and Edward J. Thompson, two members of the syndicate, had confessed. They probably will be given immunity. Their relations, said Clabaugh were replete with stories of shrewd blackmail, new and clever race track swindles, and other ruses by which members of the gang, beautiful women and debonaire, handsome men, bled their victims.

Seven under arrest, four men and three women, may seek their freedom on bond it was said tonight by Charles Erbstein, their counsel. The bonds total approximately \$100,000.

The men refused to talk today but the women, scouted the charges. Mrs. Helen Evers, said by federal authorities to have been used as the "lure" in the bogus Mann act cases, stamped her feet and said there was not a word of truth in the charges.

"Why I never smoked opium in my life," said she, indignantly denying that an opium outfit was found in her room.

Mrs. Frances Champman said nothing.

Mrs. Evers said Mrs. Champman's arrest was an outrage—that she was just visiting at the apartment.

Mrs. Edward Donohue, older than the other women, maintained a dignified attitude.

"Ridiculous, too ridiculous even to deny," she said.

Edward Donohue, husband of the woman, is one of those held in heaviest bail, \$25,000. Mrs. Evers's bail is also \$25,000 as is that of Henry Russell. They said authorities were the principals. The others whose bond was set at \$5,000 each, Mrs. Donohue, George Bland and James Christian, were assistants, it is charged.

The bond of Frank Crocker, who, tho under arrest in New York was at first announced as held here, also was tentatively set at \$5,000.

George Irwin said to be the husband of Mrs. Evers and Woodward are being sought thru the country tonight. Irwin the authorities say was arrested held in \$5,000 bond but had disappeared. He is believed to be in New York.

The alleged fleeing of Mrs. Klipper, authorities charged today was brought about thru Crocker, who it is said won her confidence. A compromising situation was brought about it is alleged and Donohue and Irwin as witnesses, demanded blackmail. They it is charged, secured the money while Crocker accepted jewels. These later proved valueless, it is said, and Crocker dropped information to the police which caused Irwin's arrest. Crocker however, is said by the authorities to have rejoined the band later.

Arrest William Butler.

Philadelphia, Sept. 18.—Agents of the department of justice were busy here today gathering further evidence against the members of the alleged blackmailing band arrested in Chicago Saturday and tonight served a warrant on William Butler, alias Butts, whom federal authorities said is one of the ringleaders of the syndicate. Other arrests are expected. Butler was arrested here last January on a charge of conspiracy and impersonating a United States marshal in attempting to extort money from Mrs. Susan G. S. Wimpenny in order to protect a son

THE OLD PAISLEY SHAWL OF GRANDMOTHER'S DAY COMING BACK

CHICAGO, Sept. 18.—The old Paisley shawl of Grandmother's day is coming back into its own, along with a lot of Spanish frills and furbelows. This is the latest edict of fashion, which will be exemplified in Chicago this week, when modistes and designers from the leading cities of the country will gather to make known the modes for fall and winter.

One hundred and two women, selected by a magazine as the best dressed women in America, have been invited to criticize the new fashions submitted by the modistes.

NEW YORK PRIMARY TODAY

New York, Sept. 18.—Candidates for United States senator and a complete state ticket will be nominated at the statewide primary tomorrow. Chief interest in the election apparently centered tonight in whether the former leaders of the Progressive party will be able to swing the votes of a majority of the rank and file to Governor Charles S. Whitman, leading Republican candidate for governor. One wing of the party favors the election of PJudge Samuel Seabury, whose candidacy for governor on the Democratic ticket is unopposed.

URGE CALIFORNIA

BE VOTED DRY.
Sacramento, Cal., Sept. 18.—Prohibition national campaigners sprang into the hot California wet and dry fight today yimmediately upon their entrance into the state over the northern border from Oregon. In seven cities from Dunsuir to Sacramento, they urged that the state be voted dry without regard to the economic pleas of the wineries.

A new record outdoor attendance for the entire trip was set at Chico, the old home of the late General John Bidwell, once Prohibitionist candidate for president.

from prosecution for a supposed escapade in Atlantic City. He was held in heavy bail and was to have been brought to trial at the present term of the federal district court. Mrs. Wimpenny died several weeks ago and in consequence the case is held in abeyance.

On the same day Butler was arrested Mrs. Reginald Klipper, according to Frank L. Garbarino agent of the department of justice in this city went to New York with a man who turned out later to be Frank Crocker, alias Don Collins. She fell a victim of the alleged blackmailers according to Garbarino and was mulcted out of a large sum of money by Frank Irwin, whose home is said to be in Worcester, Mass., and another man who is still a fugitive. They represented themselves as government officers. Garbarino said, Crocker was arrested in Tampa, Fla., last February and was taken to New York and held in bail to await trial. Irwin was arrested in Chicago in June and later the accused men according to Garbarino succeeded in getting Mrs. Klipper to go to Montreal to avoid appearing against them. Irwin disappeared and has not since been found. Crocker is under surveillance in New York. Butler was held today on charges of aiding and abetting in the alleged blackmailing of Mrs. Klipper, the authorities say, because it was plotted in his home in this city.

Mrs. Klipper left here late today accompanied by government agents for New York and this city for Chicago, where she will be a witness against some of the alleged blackmailers arrested Saturday night. John C. Knox, assistant United States attorney of New York has charge of the entire prosecution has been working on the case from his New York office for months, was here today in conference with Garbarino.

BRITISH FORCES ADVANCE FURTHER

Take German Fortified
Work Which Resisted All
Previous Efforts

KEEPING UP OFFENSIVE

French Take Additional
Trenches, Making Stronger
Their Investment of Combles

ROUMANIANS CEASE RETREAT

Along a one mile front the British have advanced another thousand yards and have captured a German fortified work which had previously resisted all their efforts. This operation is characterized by General Haig, as important and highly successful. It is indicative of the intention of the British commander to force the battle along the Somme front without cessation, the new advance being a continuation of the powerful movement undertaken by the British and French on Friday last.

Both north and south of the Somme river in France the British and French troops at various points are keeping up their vigorous offensive against the Germans and have achieved further successes and put down strong German counter-attacks.

To the south of Combles the French have taken additional trenches, making stronger their investment of the little town which now is almost completely surrounded. Having evacuated the village of Denicourt, south of the river, the Germans have been driven back southward about two-thirds of a mile toward Ablaincourt. South of Barleux a German trench to the west of Hogny has been captured.

Pierce artillery fighting is still in progress in the sectors of the Peronne-Bapaume road, recently captured by the French. During Sunday and Monday more than 1,600 Germans were taken prisoner by the French in the Denicourt sector.

There is considerable artillery activity in the Champaign region. On the Verdun front the French have captured a trench on the southern slope of the famous dead man hill.

To stem the tide of the advance of the army of the central powers in the Duhradia region of Roumania, the Roumanians and Russians have ceased their retreat and definitely drawn their battle line. This extends along the front of Rachova-Txopadin-Tuzla—running from the Black Sea to the Danube just south of the ancient double ramparts known as Trojan's wall, which begins at Constanza on the sea and runs westward to the river. Both Sofia and Berlin report fresh advances in this region, while in Transylvania the Roumanians are reported to be continuing their progress against the Teutonic allies.

Petrograd is silent in regard to the new offensive started by the Russians from the Pripet marsh region in Russia down into the Carpathians, but Berlin says the Germans turned to the attack along the Narayuvka river in Galicia, regained a greater portion of the territory lost to the Russians Saturday, inflicted heavy casualties on the Russians and took 3,500 prisoners.

In Macedonia the French troops have captured the town of Florina, Greece, from the Bulgarians who are reported by Paris to be retiring in disorder in the direction of Monastir. In the Lake Ostrovo region and near Cernal, Serbians have gained additional ground. On the Doiran front where the British are engaged, only artillery engagements have taken place.

Several successes of the Turks are related in a Constantinople official communication. British cavalry detachments endeavoring to advance from the Succaev, and an attempt by the British to attack in the relative sector of Mesopotamia were repulsed by the Turks, while on the Caucasus front, on the right and left wings, Turkish forces are declared to have driven back the Russians.

All of Germany's ports in East Africa now are in the hands of the British, Lindi and Mikindani having been evacuated. In addition the Germans have been driven from the Uguru hills and a junction has been effected by the British troops near Kissaki. The Italians are holding their newly acquired positions on the Carso front, notwithstanding vigorous attacks by the Austrians which were preceded by heavy bombardments.

UNITED HEBREW TRADES VOTE TO GO ON STRIKE

WILL WALK OUT IF CALLED UPON BY
CENTRAL FEDERATED UNION

Arrangements Made to Notify Membership of 200,000 to be Ready to Answer Strike Call—Men on New York and Queens County Railway Strike.

New York, Sept. 18.—The United Hebrew trades representing membership of 200,000 organized workers tonight voted to go on a sympathetic strike as an aid to the striking carmen, if they are called upon to do so by the central federated union.

The vote was taken at a meeting of delegates said to represent every craft in the United Trades, including the garment industries in which many women are employed. Arrangements were made to notify the membership of 200,000 to be ready to answer a strike call at any time.

Five hundred motormen and conductors employed by the New York and Queens county railway went on strike at midnight. The strikers assert that agreements entered into between the company and the men were broken when the railway officials sent sixty five motormen to Manhattan to do duty on the surface cars of the New York railways companies. Brooklyn and Richmond (Staten Island) are the only boroughs of the city not affected by the strike.

Failure of negotiations being conducted by Mayor Mitchell to provide a basis of settlement of the traction strike in this city will result in a call Thursday for a sympathetic strike of approximately 700,000 workers, union leaders declared after a conference late today between representatives of several crafts. The call will be issued, it was stated to all unions affiliated with the Central Federated Union of New York, the Central Labor Union of Brooklyn and the Federated Union of the Bronx, Westchester and Yonkers.

Theodore P. Shonts, president of the Interborough Rapid Transit company and the New York railways company issued late today a statement in which he said the companies would refuse to confer further with the strikers.

Mayor Mitchell announced tonight that he had asked the citizens' committee of the chamber of commerce and representatives of the merchants' association to meet with him tomorrow to discuss the situation.

Traffic on the subway and elevated lines continued normal today and there was a notable improvement in surface car conditions.

Some violence was reported and several arrests were made. Missiles were thrown at elevated trains from the roofs of houses, but no one was seriously injured according to police reports.

The musical mutual protective union with a membership of 6,000 today started a bus service for its members to aid the carmen's strike.

THREE KILLED IN WRECK

Pueblo, Colo., Sept. 18.—Three men were killed and three injured today when two extra freight trains on the Missouri Pacific railroad collided head-on near Stewart, Colo. The dead are:

Roy Scott, Ernest Holley, firemen and William Isbester, an engineer, all of this city.

Two cars loaded with gasoline blew up and the wreckage was set on fire.

STRAGGLING MARS MARCH

San Antonio, Texas, Sept. 18.—Considerable straggling marred the twelve mile march of the troops under Brigadier General Henry A. Green, from Comal to New Brownfels where they declared an imaginary attack today on the troops under Brigadier General L. T. Richardson. This was the report tonight of Major General Funston, who said there were more stragglers than he cared to estimate, altho the maneuvers otherwise were very successful.

CAPTURE ESCAPED CONVICT.

Joliet, Ill., Sept. 18.—Less than twelve hours after his escape from the state penitentiary here, John Gardner, a Chicago convict, was captured today two miles east of the penitentiary. Gardner walked away from the penitentiary grounds while unloading a coal car.

VILLA ATTACK MAY CLARIFY RELATIONS

Commissioners Think Talk
of Running Bandit Down
Will Be Simplified

BRING UP WITHDRAWAL

Carranza Asks Why Mexicans
Are Discussing Internal Affairs
Instead of Border

EXECUTE VILLA PRISONERS

NEW LONDON, Conn., Sept. 18.—Villa's attack on Chihuahua City, Mexico, and the repulse of his forces by General Trevino will tend to clarify relations between Mexico and the United States in the opinion of the Mexican representatives on the joint commission in session here to formulate an acceptable program for maintaining order long the international boundary.

The Mexican commissioners pointed out that if Villa had been located by the action at Chihuahua the task of running him down would be greatly simplified. They suggest that if General Perhing's force now in Mexico is withdrawn a Mexican force would take its place and thus prevent Villa from raiding to the northward.

The Mexican members brought sharply to the front today the question of border control and of the American troops in Mexico. This was due, it is understood, to an official communication from their government in which they were asked why they were discussing the internal affairs of their country with the representatives of another government instead of confining their debates to conditions on the border.

Luis Cabrera, head of the Mexican commission, explained that the inquiry from his government was no doubt based on the receipt of unofficial and inaccurate reports of the conference.

Secretary Lane did not regard the insistence of the Mexican members on a discussion of border problems as shutting out entirely the discussion of other problems regarded by the American members as fundamentals in the general situation.

Chihuahua City, Sept. 18.—Forces of government soldiers have been detailed to bring order out of the chaos created by Villa's Hidalgo Day attack upon the state capital. Several hundred bodies of men and animals have been removed from the streets and buried outside the city. Buildings which suffered from gun fire and menaced the safety of pedestrians are being dynamited. Tramway tracks which had been torn up are being repaired and scores of workmen are engaged in restoring the city's telephone and telegraphic communication.

Eighty prisoners taken in the engagement have been executed. These include M. Choss, formerly Villa's chief of staff, and Mariano Tames, who as a colonel in Juarez, recently unsuccessfully attempted to influence the garrison there to revolt.

The federal and municipal palaces suffered most heavily in the engagement, huge trees in the plaza Hidalgo being literally stripped of their limbs by the steady stream of lead poured thru them. The bandits rode their horses inside the palaces and tore from their hangings costly tapestries, paintings and mirrors. Furniture was broken into splinters and door pulled from their hinges.

After the engagement it developed that thruout the night before, Villa's men had been concealed about the outskirts of town listening to the merriment of the independence day celebration and awaiting the signal to attack.

Prisoners taken in the engagement said they were led by Villa, Martin Lopez and subordinate chiefs, that all but Villa participated actively in the attack. The bandit leader on a hill three miles to the northwest was seen with field glasses by officers of the garrison. Government cavalry are pursuing the fleeing bandits to the northwest into the Santa Clara Canyon district but thus far no reports have been received here from General Matas Ramon, commanding.

To Let It Go

For a solid year we have been holding the property located at 1310 Lincoln avenue to get what we know it is worth, \$3,500.00. We have spent half that much in recent improvements, but we are tired of carrying it, and we will consider any reasonable offer. Go out and look it over and come in and talk to us about it. We can carry a very liberal loan, or take a smaller place in trade. There are two acres of ground, more than 1-2 in pasture, an excellent barn, hen-house and yard, good fences, and an 8 room house in PERFECT condition, with three porches and a nice shady yard.

Autumn the Ideal Touring Weather
Many tourists are daily seen in the city these days. Thousands of car owners the country over are taking advantage of this ideal weather and the perfect road conditions for their trips across country. The fall season seems to be by far the best time of the whole year for the motorist. Within a few short days nature will put on her royal colored robes and be at her prettiest. Yesterday a car was seen here bearing a state license with the number and words "Fort Worth" thereon. It is presumed that in Texas the auto licenses bear the names of the towns in which their owners reside rather than the state name.

Young Indians Make Good

Every little while come indications that the Indian is still to take a place of importance in considering the citizenship of this country. A recent report of the work done by students of the Carlyle Indian school shows that 261 students working in various industries earned \$31,196.91. Girls from the school working certain months as maids and nurses earned \$3,978.61. Another group of boys engaged in farming activities brought in a return of more than \$10,000.

The plan of having the students of Carlyle work in various industries a portion of each year shows earn-

Rippling Rhymes By WALT MASON

TIRED TOURIST

I've seen such sights of wonder in Colorado's hills, wild canyons deep as thunder, and peaks that gave me thrills, that I am weary, very of things that are sublime, and for the old flat prairie I'm longing all the time. The mountains rise in glory, each with its snowcapped dome; but back in old Empory a fellow feels at home; and when he's done his labors, and earned his fifty cents, he pow-wows with his neighbors, familiar happy gents. The mountains grand and hoary, thoughts high and noble bring; but back in old Empory there is a creaking swing, where I sit in my slippers, on pleasant Autumn nights, and read of pirate skippers and most entrancing fights. And often when I'm gazing on peaks that pierce the clouds, on mountain roads amazing roamed by the tourist crowds, I sigh like all creation, forgetting where I am, to see the "Katy" station and look on Soden's dam. You read the grand old singers, whose stanzas are sublime; and while you know they're dingers, they tire you on in time; and then you want a story by some plain, common skater; and so for old Empory me thinks I'll emigrate.

ings with an annual growth. Reports from other Indian schools are of like tenor, and statistics show that there are more Indians in the U. S. today than was true ten years since. So the chances are good that the Indian race will not die out, as was once considered a certainty, but instead the race may grow and flourish, developing the splendid characteristics native in their forefathers and having lost the less admirable characteristics thru the influence of civilization.

Will Make Strong Fight for Business

Any one who doubts that the German business men will make a determined effort after the war is over to recover lost trade in South and Central America should read the interview the manager of the Berlin office of the German Economic association for South and Central America recently had with an Associated Press correspondent. The German manufacturers have felt keenly the loss of the vast amount of trade they had in South and Central America and they realize that the United States business men have done much toward establishing themselves firmly in those countries by the opening of banks and increasing transportation facilities.

But it is certain that Germans will not accept the situation without a struggle and the close of the war will see them actively engaged in the effort to recover the lost ground. The statement by the Berlin resident gives point to the prophecy so frequently heard that when the war ends there will be a great tightening of economic conditions, and it behooves the business men of this country to begin their preparations for the days when must surely come the days when all munitions orders have ceased and competition from Europe, now cut off, is renewed with greater vigor than it ever had in days gone by.

Election Costs.

Election statistics compiled by the legislative reference bureau certainly furnish something for the members of the general assembly to reflect upon. It is estimated that the numerous elections held in Illinois in the year 1916 will cost the state \$1,470,717. The numerous elections necessary under the present law bring a demand for some new legislation covering the subject. Certainly the will of the people can be better carried out and less expensive than is done under the present system. Some interesting and startling facts are shown in the bureau's estimate. The items of expense are: Services of judges and clerks \$442,700 Printing stationery and office supplies 318,458 Rental of polling places 208,710 Storage, delivery and collection of polling booths, etc. 101,364 Furniture, fitting, etc. 70,485 Regular and extra office force 329,000 In the entire state there are 5,306 precincts, 2382 of which are in Cook county.

There are 2250 precincts in the city of Chicago. The expense for these 2250 is \$95 a precinct for salaries of judges and clerks alone. It is estimated the downstate cost is almost the same for each precinct. The cost of a single state election is about \$350,000. Fewer than 300,000 votes were cast at the presidential primary last spring, which fact made the cost of each ballot about \$1.17.

The Psychology of Bill Signing

It may seem easy to get votes by just getting a pair of shears and a red book and clip wherever you think it would be popular. I do not want to be governor on these terms. I am in this office, and I take pride in being in it only to the extent that I can satisfy my conscience and sense of duty. I won't sign any bill simply because it may be deemed popular. On the contrary, I will sign anything that I think is in the interests of the people and veto anything I think is not in the interests of the people, if I believe it to be right."—Charles Evans Hughes, 1908

That Mexican Loan

President Wilson's efforts to induce New York bankers to make a loan of \$150,000,000 to Carranza are not meeting with any large measure of success. The bankers point out that Carranza already has a bonded and floating indebtedness of \$620,000,000, and that what is more to the point, Carranza is not entitled to a large credit. There is one method by which Mr. Wilson may possibly achieve his end. If he will cover Carranza's right to an immunity of \$150,000,000 because of invasion of Mexican territory by Pershing's expedition and commit the United States to its payment, the bankers will certainly consider the feasibility of accepting the Mexican claim as collateral for a large loan, probably not \$150,000,000, but a sum approximating the amount and still leaving some margin to cover interest, cost of collection, etc. If the truth is ever known regarding the Mexican conference at New London, it will constitute another humiliation for which this administration is responsible, but present indications are that the truth will remain known only to a very few.

OFFICIAL BOARD OF GRACE CHURCH ORGANIZES FOR YEAR'S WORK

Charles Hopper Re-Elected Treasurer and Homer Potter Secretary
—Oct. 8 Chosen as Day for Annual Canvass.

Sunday, October 8, was fixed upon as the date for the every member canvass, Monday evening at a meeting of the official board of Grace M. E. Church. Further plans for the canvass will be perfected by the finance commission.

Homer H. Potter was re-elected secretary of the board and Charles Hopper was continued as treasurer. W. E. Hall was elected chairman of the finance commission and Miss Arach Vaughn was reappointed financial secretary and collector. The other members of the finance commission are Dr. J. R. Harker, A. T. Capps, Dr. A. B. Applebee, Charles Hopper and W. C. Green. W. E. Veitch, who has been serving as chairman of the finance commission, asked to be released and this request was granted by the board with a vote of thanks for faithful and efficient service.

The board tendered votes of thanks to Mr. Hopper and to Miss Vaughn for the excellence of their work. Dr. H. C. Woltman was elected chairman of the board of stewards. C. E. Williamson was chosen chairman of the house committee and with him will serve A. L. Henderson and E. A. Hearn. The house committee was requested to attend to the trimming of the vines which grow upon the building.

There were thirty members present at the meeting and indications seem good for a very successful year's work. The report of the church treasurer showed the finances to be in good condition.

Gillham and Fred Scholfield furnished appropriate music. The floral offerings were cared for by Miss Bertha Hundley, Miss Nettie Hill and Mrs. Mabel Govald. Interment was made in Diamond Grove cemetery, the service at the grave being in charge of the Masonic lodges of Lynville and Jacksonville. The bearers were William Combs, William Parker, Lorenzo Shurtliff, Samuel Angelo, Robert Ranson and William Trout.

NEW LUBRICANT RESISTS HEAT PREVENTS RAPID SEDIMENTATION

Ordinary oil breaks down under the terrific heat of an automobile engine. Within a few hours, black sediment is formed which partially clogs-out the remaining liquid from the friction points where lubrication is most vital. Such under-supply of oil causes friction between the metal surfaces, intense heat, loss of power and expensive repairs.

The new lubricant that resists heat prevents rapid sedimentation, insures generous lubrication, and, except where mechanical faults exist, prevents carbon.

Relative Oil Destruction
The contents of the bottles shown, illustrate the relative durability of ordinary oil and of Veedol the new lubricant that resists heat. Veedol deposits only a small fraction as much sediment as ordinary oils.

There is a fundamental difference between ordinary oils and Veedol. Ordinary oils are unstable and therefore unserviceable because of non-heat-resisting chemical structure. Special processes of manufacture developed by this company and the use of Pennsylvania paraffine-base crude oil give Veedol the new lubricant, its unusual chemical structure, and its remarkable heat-resisting ability.

Make this test
Clean out the crank case. Fill with kerosene. Run the motor about thirty seconds under its own power; then draw out all kerosene and refill with Veedol.
Now make a test run over a familiar road—up steep hills and along straight, level stretches. Keep a record of oil and gasoline mileage.

You will find that your motor has altogether new pickup and hill climbing ability. Veedol enables you to get the maximum mechanical efficiency from your car and to reduce your expenses. Get a five-gallon can of Veedol, and make this convincing road test.

AUTO ACCIDENT RESULTED IN INJURIES FOR JOHN PARR

Traveling Salesman's Ford and Miss Cowdin's Hupmobile Collided on Country Road—Met at Corner Where View is Obscured.

In an automobile collision which occurred a short distance south of the residence of R. S. Wood Monday afternoon John Parr was painfully injured. Mr. Parr, who is a traveling salesman residing at the Pacific hotel, was driving a Ford car, and collided with a Hupmobile driven by Miss Mabel Cowdin. Miss Cowdin was accompanied by Mr. and Mrs. M. O. Mathews of Westminster street and while the three were badly shaken up they fortunately escaped injury.

Mr. Parr, traveling in a Ford runabout, was not so fortunate and received a bad cut under the chin and his left leg was severely cut and bruised. An ambulance was sent to the scene of the accident and Mr. Parr was removed to Passavant hospital where Dr. F. A. Norris attended him. Last night Dr. Norris said that there were no indications of internal injuries and that he believed Mr. Parr would not long be confined to the hospital. Both of the cars were considerably damaged by collision, the Ford faring the worst.

It was just at the point that the Vandalla road joins the road which passes Mr. Wood's residence that the accident happened. At this corner it is impossible for a driver to see. Miss Cowdin was about to turn to the south and Mr. Parr, approaching the city, was turning to the west. Neither car was traveling at very high speed, or the result of the impact would have been even more serious.

Mr. Parr, whose home is in Yankton, South Dakota, travels for a Philadelphia house and when weather conditions are favorable makes his territory in the Ford.

Judy had been an active member of the church, serving for a long period as elder. In early days and in fact, until very recent years, Col. ZELL'S GROCERY

LARGE CONGREGATIONS GREET NEW BAPTIST CHURCH PASTOR

The Rev. A. A. Todd Heard Sunday
 in First Sermon to Jacksonville
 People—Will Remove Here Soon

"A Living, Up-to-Date Church" was the theme of the Rev. A. A. Todd Sunday forenoon at the First Baptist church and in the evening the minister delivered a strong discourse from the text "Seek ye first the kingdom of God and all these things shall be added unto you." In the address Sunday morning, Dr. Todd took his text from Isaiah 6:11: "Thy gates shall be open continually; they shall not be closed day or night; that men may bring

Rev. A. A. Todd.

unto thee the forces of the Gentiles and that their kings may be brought."

Dr. Todd by way of introduction interpreted the text as a prophecy under condition of the enlargement and growth of the New Testament church. He took an optimistic view of the growth and possibilities of the church of today. The gates of a living up-to-date church must be open, first to all to the Christ himself; second, to the holy spirit, to the unsaved and even to the gentiles. Four aids to open gates were then discussed:

First: The aid of prayer.
 Second: The aid of faith.
 Third: The aid of works.
 Fourth: The aid of liberality.

Emphasis was laid upon the instruments used in a living, up-to-date church, they are living men and women.

The new pastor closed his sermon by calling upon the congregation to "love folks" and to seek the salvation of all.

Rev. Mr. Todd was engaged Monday in seeking a location and will remove his family to this city as soon as a suitable residence be chosen.

REV. GEORGE C. LENINGTON AT STATE STREET CHURCH SUNDAY

Minister from Staten Island Heard
 in Local Pulpit—Give Interesting
 Story of Panama Conference.

Rev. George C. Lenington of Staten Island, N. Y., occupied the pulpit of State Street Presbyterian church Sunday morning and evening. At the morning service he preached an especially strong sermon and in the evening told of the conference of religious bodies held not long since at Panama. He was one of the delegates from this country and his brother, Rev. Frederick Lenington, who has long been engaged in gospel work in South America, was also one of the delegates. The minister told something of the needs in South America where there are ministers at work in districts where they are the only ones who present the gospel. Rev. C. A. Carriel of this city is working in that field.

Rev. Frederick Lenington has been in the states for an extended vacation and is to start on his return Thursday, and for this reason Mr. Lenington left Monday for Chicago and after a day's stay there will proceed immediately to New York. In Staten Island Mr. Lenington has built up his church in an exceptional way, his work having been marked by the earnestness and devotion which has characterized him ever since he entered the ministry.

INJURED HAND

Henry Scott, Sr., employed in the machine department at the C. P. & St. L. Shops, had his hand severely cut while at work Monday. He was taken to Dr. Carl E. Black's office and the injury was dressed. Mr. Scott will be kept from work for a number of days.

FIRE AT MURRAYVILLE

A house on the farm of Arthur Mast, occupied by C. F. Wright, east of Murrayville, was destroyed by fire at 3 o'clock Monday afternoon. The house was a complete loss, several outbuildings and a summer house burning also. Most of the furniture was saved. The furniture was fully insured and the loss on the house was partially covered.

Mrs. W. S. Powell of Bryan, Tex., who was summoned here on account of the illness of her father, W. D. Hitt, has returned home. She was accompanied by her niece, Miss Wilhelmina Miller, who will spend the winter in Texas.

RESULT IN MAINE STILL OCCASIONS POLITICAL INTERESTS

Chairman Hert of Western Republican Committee Makes Comment—
 Champ Clark's Frank Statement

Chicago, Ill., Sept. 18.—The result in Maine has been the outstanding feature of political news and interest in the Western headquarters this week. The sweeping Republican victory gained there has given a wonderful impetus to the work in the Western states. One of the leading speakers in the Maine campaign was Raymond Robins, former chairman of the Progressive convention who is now campaigning in Oklahoma, and Mr. Robins brings back the enthusiastic prediction that the union of Republicans and Progressives so notable in the campaign result in Maine will be followed throughout the country.

In spite of efforts of the Democrats to minimize the result in Maine, it is clear even to the most unprejudiced observer that the result speaks well for Republican success in November. "As Maine goes, so goes the nation" has become a trite saying, not always borne out by the results, but as a general thing the vote in the Pine Tree state has been duplicated in the general election in November. There was more in the Maine election than a mere record of results. The entire contest was fought out on the record of the Wilson administration. State issues were lost sight of. The candidacy of Senator Johnson, the Democratic Senator who was defeated, was predicted upon the fact that he had voted for ever yone of the Wilson measures.

Show Republicans and Progressives United

The two Republican candidates for the Senate were Bert M. Fernald and Fred Hale. Mr. Hale it was reported was not popular with the Progressives. He ran directly against Senator Johnson who was acknowledged by the strongest man of the Democratic party. In spite of this condition, Mr. Hale was elected by a majority of only slightly less than that given Fernald. This not only showed conclusively that Republicans and Progressives were united but the voters took into consideration the necessity of redeeming the Senate from the Democrats and recorded their votes accordingly. The defeat of the Democratic Congressman, McGillicuddy, was another surprise both to Republicans and Democrats. The Republicans had expected to lose one Senator and one Congressman. As it was, they made a clean sweep, electing every candidate and with a vote which was greater than the combined vote of the Republicans and Progressives four years ago.

Chairman Hert's Comment

Commenting upon the result in Maine, Chairman Alvin T. Hert of the Western Campaign Committee said:

"The people of the country are awake to the need of safeguarding American interests for the commercial crisis that will follow the end of the European war and that they are determined upon a return to a protective tariff policy is indicated by the returns from Maine."

"The Maine voters have furnished the first appeal of the people for dependable government. They have shown unmistakably how thoro is the reunion of the Republican party. Eighty per cent. or more of the Progressive vote in Maine is Republican. The percentage is even greater in many other states."

"This firmly reunited Republican vote has been indicated in the past few weeks in primaries in Michigan, Wisconsin, California, Minnesota and other states where the party was badly split in 1912. The actual vote in Maine proves what the primary votes indicated."

"The victory in Maine assures us of national victory in November. There is no comfort for the Democrats in the staggering result in the Republican clean sweep. At the rate Progressives voted the Republican ticket in Maine, a review of the 1912 vote indicates a popular plurality of at least a million for the Republican national ticket in November."

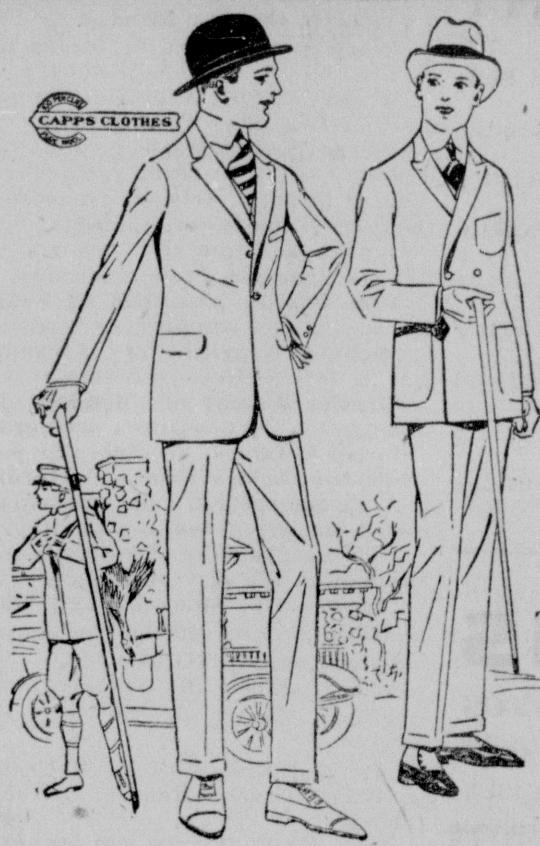

The Purely Political View

Maine's vote, considered from a purely political standpoint, sends a chill down the Democratic spine. Eighty per cent of the Progressive vote of the state was back in the Republican ranks. Not all of the remaining twenty per cent was cast, tho the total vote was the largest in the state's history.

The Democrats have been busy denying that the Progressive vote would return to the Republican party. They kept up their denials in the face of primary votes in many states. Claims that they would get forty to fifty per cent of the Progressive vote were made insistently by Democratic leaders.

The Maine results in an actual election show their "dope" to be wrong. The Republican party is reunited and is sure of its strength in the nation for the November election.

The South's Strength
 "The South in the saddle" is a descriptive term that is being used much in the discussion concerning the present congress. To those unfamiliar with Congressional and Senate procedure this may seem difficult or even impossible of accomplishment. Its accomplishment is brought about by the fact that Southern Senators and Southern Congressmen head the important committees and thus direct legislation. The actual working of this system, accompanied as it is by the party caucus rule adopted by the Democrats, can be easily understood by an analysis of the situation in the senate.

MEMORIAL SERVICE HELD FOR MISS MELTON SUNDAY

Methodist Women of City Joined in Honoring Memory of Young Woman Who Died While in Japan.

Sunday evening at Centenary church a memorial service was held for Miss Mary E. Melton and it was of a beautiful kind. Miss Melton prior to her death had served for nineteen years as a missionary in Japan. She had been superintendent of the biblical department of a school in Nagasaki, Japan, an institution under the management of the Woman's Foreign Missionary society of the M. E. church. The program Sunday evening had been arranged by the Woman's Foreign Missionary societies of Grace, Centenary and Brooklyn churches. Miss Emma Hunter, president of the Y. W. F. M. S. of Centenary church, presided. Miss Katherine Rapp sang, "I Think When I Read That Sweet Story of Old." Mrs. T. B. Laning, formerly a teacher in the Woman's college, paid a tribute to Miss Melton as a school girl. "Mary Melton the Woman" was the theme for Miss Mercy Jackson, who had known the deceased intimately, and other special phases of the life of the deceased were, "Mary Melton the Christian," Mrs. T. H. Rapp; "As a Missionary," Mrs. R. A. Gates; "As I Knew Her," Mrs. Mary Waller; "Her Life in Japan," Mrs. E. C. Lambert; Miss Kate Blackburn, who for many years has served as a missionary in Bulgaria, spoke fittingly of the missionary work, basing her remarks upon an accurate knowledge of what Miss Melton had accomplished in her work. Dr. Harker concluded the exercises with a brief address on "The Woman's College in the Foreign Field." The college has prepared a number of young women for splendid work in the missionary field. Sunday evening J. W. Melton, father of the deceased, was the only member of the family able to be present. Miss Frances Melton, a sister, is now in Japan, where she went with the expectation of spending the summer with the deceased. James S. Melton, a brother, is a resident of Idaho. In all its details the service was appropriate and gave due recognition to Miss Melton's beautiful life, poured out so willingly in the service of others.

A beautifully decorated automobile driven by Miss Lena Kappel contained Mesdames Hillig, Lake, Butcher, Brockhouse, Harshman, with banner representing O. E. S.

Next came Ringling Sisters circus with C. P. Hedrick dressed in lady's costume mounted on horse back announcing the time of the first performance.

The Hobo band dressed in the latest fashion of woman's apparel brought yells and laughter from the crowd as they passed by. Their costumes were exceedingly fine for ones having so little experience in that line. The band included Charles Wegehoff, Henry Nayler, Lou Wegehoff, James McGinnis, Fred Gaddis, Albert Skinner, Edward Schaefer, Hal Nayler, Frank Skinner, Boyd Pond, Earl Hyde, Royal Kratz, Raymond Hyde, Will Schmitt.

The circus riders were Mabel Hinnners, Katie McAllister, Della Naylor in cowboy costumes; Merle McAllister, Elsie Leonard, Elton Pond, Della Stearnes, Ruby Stark, Esther Deppe, Ethel Butcher in fancy costumes and Esther James in clown attire, all mounted on prancing horses. Mrs. R. H. Duer, Mrs. Will Schmitt, Mrs. L. F. Moss and Freida Unland were comically dressed as circus clowns.

Francis James as clown character driving a horse and cart with Bernice Skinner, blown, riding backwards on the horse was comical.

Madame Ringling, Leah Wegehoff, had a steam callopie arranged out of an organ mounted on a platform wagon driven by Sam Kuhlman in woman's dress, brought forth peals of laughter from the crowd. Mrs. Ringling showed proficiency in her playing.

Lena Orr gave exhibitions of snake charming with her stuffed snake. Lela Hedrick was fortune teller for Ringling Sisters' big attraction.

The following miscellaneous characters were in the parade: Ragseller—Mrs. Dave Drakeville with suit case on back bearing the inscription "Rags for Sale." "Where is Newton Floyd?"

Dutch boy—Madeline Schmitt was splendid. His sweetheart, Gwendolyn Berger accompanied him to the circus.

Washwoman and child—Lena Kappel and Hazel Kuhlman.

Old Maid—Margaret Sentney. Negroes—Viola Rausch, Rose Nunn, Mabel Boles, and Lizzie Mayes. The costumes were well prepared.

An old wagon drawn by one horse contained Ina Bruce, Irma Hinnners, Margaret McLain, Reva Hyde and May Wilson in negro make-up and eating watermelon.

The United Mercantile auto truck contained the whole family bound for the Meredosia Home Coming to see Ringling Sisters' circus.

Helen Boles, Iris Summers and Priscilla Summers were artistically costumed as suffragettes bearing banner, "Vote for Woman."

The ladies, Lena Kappel and Bertha Rice, having this parade in charge deserve much credit for its splendid success.

"Look Pa, How 'Gets-It' Works!"

Lifts Your Corn Right Off. Never Fails.

"Ever in your life see a corn come out like that? Look at the true skin underneath—smooth as the palm of your hand!"

Well Now, Look at That! Off Comes That Pesky Corn. Stick a Whistle.

The earth is blessed with the one, simple, painless, never-failing remedy that makes millions of corn-pested people happy, and that's "GETS-IT". Apply it in 3 seconds. It dries. Some people jab and dig at their corns with knives and razors—wring their toes in packages with bandages or sticky tape, make them red this with "GETS-IT". Your corn loosens—you lift it off. There's nothing to press on the corn, or hurt. Angels couldn't ask for more. Try it tonight on any corn, callus or wart.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store and J. A. Obermeyer.

DECREASING STOCKS AT LIVERPOOL LIFT WHEAT

Market Closes Strong at 1 1/2 to 1 3/4 Cents Net Higher—Frost Damage Reports Lift Corn.

Chicago, Sept. 18.—Decreasing stocks in Liverpool and at the big primary markets on this side of the Atlantic tended today to lift the price of wheat. The market closed strong at 1 1/2 to 1 3/4 cents higher with December at \$1.43 1/2 to \$1.48 1/2 and May at \$1.49.

Corn finished 5c to 1c up and oats with a gain of a shade to 1/2c. In provisions the outcome varied from 3c decline to a rise of 12c.

Strength displayed itself most plainly in wheat at the opening and the close. Announcement that 600,000 bushels had been disposed of for export helped to encourage holders late in the session. Reports that much wheat on track at Kansas City and Omaha had not met with ready sale brought out assertions that the sole reason was

All the food value of whole durum wheat in the most appetizing form—that's **Krumbles**.

DR. CROUCH AND FAMILY
RETURN BY AUTO

Enjoy a Long and Varied Tour Through Interesting Places.

Dr. E. L. Crouch and family returned Sunday after a long automobile tour begun at Los Angeles July 24th. Leaving the Place of the Angels they first started in their Buick Six automobile for the Mariposa grove of giant trees where they remained a few days. The doctor had made to order a tent which admirably served the purpose and in it they camped nearly every night they were out. The party consisted of the doctor and his wife, his son and nephew who came as far as Boulder, Colorado, to enter college. From Mariposa they went to San Francisco and Sacramento and then struck out for Oregon visiting the Willamette valley, Portland and the Columbia River Drive. This is a magnificent boulevard 45 miles in length skirting the river and is pronounced one of the most superb driveways in the whole country. They visited canyons, falls and all manner of scenery and from one cliff were able at the same time to view the snow capped summits of Mounts Hood, Adams and Rainier. They visited the renowned apple district and then pushed on to Spokane where a visit with a sister of Mrs. Crouch was enjoyed for ten days and then on to Yellowstone Park which they traversed. Automobiles are now permitted to travel through the wonderland on a certain schedule, avoiding the coaches from the hotels as the horses attached to these vehicles are not accustomed to autos. The doctor says the hotel people are considering the use of autos themselves next year and doing away with horses and tallyhens.

From Wyoming they motored to Colorado and made a stop at Boulder where another sister of Mrs. Crouch was visited and where the nephew was left and after they visited there they went on to Denver and visited a brother of the doctor. Denver they left at noon Tuesday last and arrived here Sunday evening, 1,085 miles. The total distance traveled from Los Angeles was 5,090 miles, the son acting as chauffeur successfully and only minor mishaps troubled their long journey. They all look rugged and hardy after their long ride and are glad to be at home again.

WELL KNOWN WAVERLY MAN DIED SUDDENLY

Floyd Epling Found Dead in Home from Apoplexy—In Contracting Business Many Years.

Floyd Epling, for many years a resident of Waverly, was found dead at his home there Sunday evening about 5 o'clock. An inquest held by Coroner Wright Monday resulted in a verdict that death was due to apoplexy. Early in the afternoon the daughters of Mr. Epling left the home for a drive and their father was seated on the front porch reading at the time. When they returned a few hours later Mr. Epling was found dead lying on the kitchen floor.

Dr. W. H. Allyn was immediately summoned but on examination he found that life had been extinct for some time. Mr. Epling, who was a contractor and builder, had been in business in Waverly for a long period and was in partnership with W. D. Meacham. His wife died a few months since. Four daughters survive Mr. Epling. They are Mrs. I. W. Miller, Springfield; Mrs. C. A. Hall, Middletown; Misses Adeline and Alta, both living at the family home. There are also two sons, A. J. Epling, of California, and Cyrus Epling of Terre Haute, Ind.

At the inquest held the jury consisted of J. C. Deatherage, foreman; A. L. Meacham, Clerk; James Cranfield, J. M. Deatherage, J. C. Maginn and C. C. Courtney. The verdict, as already indicated, was that death was due to apoplexy. The witnesses examined were Dr. Allyn and the daughters of the deceased. Mr. Epling was a valued citizen of Waverly and his life had been such as to give him the respect of the whole community.

MISS ELIZABETH BUTLER BECOMES BRIDE OF THOMAS R. CAIN

Well Known Young People United by Early Morning Ceremonial at Church of Our Savior.

Nearly all of the friends of Thomas R. Cain and Miss Elizabeth Butler were surprised Monday to learn of their marriage which was solemnized at 5 o'clock Monday morning at the Church of Our Savior by Rev. F. F. Formaz. Walter Lonergan and Miss Mary C. Butler of Chicago were the attendants. The bride wore a traveling suit of blue chiffon broadcloth with hat to match. The bridesmaid's gown was of similar material. After the ceremony members of the bridal party and the immediate relatives were served a wedding breakfast at the home of Mrs. Elizabeth Butler, 767 South Church street, mother of the bride. Mr. and Mrs. Cain left Jacksonville for the 6:20 Chicago & Alton train for a wedding journey which will extend to a number of eastern cities. They will be away from Jacksonville until October 1.

Mrs. Cain after completing her education in Jacksonville schools, became the bookkeeper and stenographer at the Arnold & Cain store and subsequently held a like position with the Farmers' elevator company at Arnold. She has been actively identified with various organizations of the Church of Our Savior and is a young woman of such admirable characteristics that her circle of friendship has constantly widened.

Mr. Cain, like his bride, belongs to one of the well known families of the city. For a number of years he was associated with J. W. Arnold in the mercantile business at Arnold and more recently has been the manager for the Farmers' elevator at Arnold. His success with the Arnold business was such that he is now managing the elevators at Orleans, Pisgah and Strawns Crossing. For a number of years he has been identified with the organization of farmers' elevators throughout the state and is one of the prominent men of the state association. In addition to his grain business he has found time for extensive farming interests and is one of the strong business men of the county. Mr. Cain recently purchased the property at 269 Webster avenue. He will spend only a part of his time in Jacksonville and will be at the farm home the greater part of the time.

Dr. Thomas Butler of St. Louis, a brother of the bride, was among the relatives here for the ceremony.

The Woman's College opens next week. Monday and Tuesday are registration days. First chapel service nine o'clock Wednesday.

The rooms over the bakery have not been occupied for a number of months. Some of the young men have obtained keys to the outside doors and have been using the rooms for gambling. Some time ago a raid was made on the rooms and a number captured.

DEPARTMENT CALLED OUT

The fire department was called out for duty at 5:45 o'clock Monday afternoon when a blaze broke out in some boxes which were piled behind the Newman garage. The flames were not near the building and could do no damage, so were allowed to burn until the boxes were consumed.

James Shelton of Woodson precinct was a city caller yesterday. He is eighty years old but is yet quite hale and hearty the feeling some what the infirmities incident to age.

SIDEWALK ORDINANCES BEFORE CITY COUNCIL

Movement For Better Walks Is Well Under Way — Creosote Block Street Paving Ordinance Approved.

Sidewalk ordinances occupied the main attention at Monday's session of the city council. The second reading of the Mathers street ordinance was given and ordinances were presented and read providing for sidewalks on North Church, South Clay and West Court streets. These ordinances are all in the same form other than the description of the properties and, as previously explained, will make it possible for the city to put in the improvements if the property owners ignore the notices they receive requiring the walks to be constructed.

Under department reports Mr. Martin reported that he had purchased 50 feet of hose for the fire department. It is necessary to make regular additions to the hose supply of the department in order to keep the equipment constantly in good condition as hose deteriorates quite rapidly.

Mr. Cox reported repair work on some of the pavement in progress. He has used tarvia for putting in a number of patches and has found this plan quite satisfactory.

Street Paving Ordinance Approved

The second reading of the ordinance providing for a creosote block pavement on portions of North Sandy street, West Court street and North West street was given the second reading. It was mentioned before this was done that Dr. Duncan had suggested that the North West street block be omitted and that he, Mr. Degen and the county commissioners representing all the property abutting the street would put in a tarvia pavement. No property owner was insisting on this change except Dr. Duncan, and as adoption of the proposition would occasion the necessity of beginning the proceedings all anew, it was decided to go ahead with the pavement as previously planned.

Objects to Sidewalks Plans

S. H. Larimore of East State street was present to enter protest against the order for a concrete pavement in front of his property which has a width of 140 feet. Mr. Larimore said that his brick walk, 12 feet in width, is in good condition and that he did not feel that it was justice to require him to lay a new concrete walk. He spoke also in behalf of the Misses Boyce, who own adjoining property. Mr. Larimore presented the matter to the council in a very reasonable way, stating that his desire was to have the commissioners examine the walk and see if his statement was not correct. Mayor Rodgers, speaking for the council, said that it is the desire to take the action most beneficial to the community as a whole and that the council hoped that no hardship in any individual case would result. The mayor expressed the view that after some of the walks had been put in that Mr. Larimore would see the benefit to result to the street and the public.

Other sidewalk ordinances are being prepared, and while it may be too late after they have been passed to have the work done this fall, the plan will be followed of adopting ordinances to cover every part of the city where the sidewalks are in bad condition and by adopting the ordinances now it will be possible to have the work begun promptly when the spring season came.

Sweet Potatoes, 35 cents per peck, while they last. Wilson and Harding.

SOME FINE CORN

In the Elliott State bank are some fine ears of yellow corn raised by E. Henry on the John Brown farm in the vicinity of Nortonville. The corn is rather longer than the regular yellow dent but the samples are fine and would grade high in the estimation of any competent judge. James Lonergan of the same neighborhood has in the same place three ears of excellent corn resembling the Boone county white variety. It is an excellent sample and if the whole field does as well it will surely be a profitable crop.
